Gobernante- y Parlamentarionan scogi pa pueblo ta sconde pa pueblo

Ayera tardi a tuma luga un reunion di Parlamento pero cu a cay bou di e categoria di “besloten bijeenkomst” cual a ser solicita pa Minister di Husticia Rocco Tjon relaciona cu e contract di huur di e helicopter pa KPA.

Minister Tjon a pidi Presidente di Parlamento pa un reunion porta cera, caminda cu loke ta wordo discuti den e reunion informativo aki, no tin mag di wordo comparti publicamente, pues ningun Parlamentario of mandatario cu a sinta den e reunion, por duna informacion riba loke a wordo trata den e reunion aki.

Pues aki tin cu mostra cu a bolbe resalta un mentalidad di politiconan den Parlamento y den Gabinete Wever Croes, caminda ta haci lo posibel pa sconde cosnan cu no ta bon, caminda ta priva pueblo di informacion corecto kico ta pasando cu su pais.

Helicopter di KPA ta wordo paga cu placa di belasting, cual ta wordo paga dor di pueblo pero a pesar cu ta placa di pueblo esaki ta wordo cubri, e mesun pueblo aki no tin mag di scucha kico ta pasando, kico a pasa cu e doño di e compania cu cual Aruba a firma un acuerdo di cooperacion, esta Carlos Eduardo Restrepo Osorio, a dicidi di entrega su mes na DEA na Florida relaciona cu lote di 446 kilo di cocaina cu lo tabata destina pa ser manda pa Merca.

Restrepo tabata na Aruba na luna di Mei di 2019 pa firma un contract cu Gabinete Wever Croes I, cu a wordo representa pa Minister di Husticia di e tempo ey, Andin Bikker y por mira riba e foto adhunto momento cu Restrepo ta firma e acuerdo cu Bikker tambe a firma pa “close the deal.”

Minister Tjon kende for di momento cu e noticia aki a bira conoci, esta di entrega di Restrepo na oficialnan di DEA, a trata di bolter un situacion negativo den uno positivo pero sin por a logra te cu ayera tardi.

Dialuna e mandatario a trata di anula un decision di Comisario di Polis Ramon Arnhem kende a ordena pa no uza e helicopter di KPA aki pero e no a logra den esaki te cu ayera ora cu mando policial a dicidi di suspende e decision di Arnhem.

AWEMainta por a compronde cu den e reunion di ayera tardi, Minister a pone algun documento relaciona cu e contract pa Parlamentarionan tira un bista riba esakinan pero no a duna copia di esaki na esunnan presente.

Loke ta tristo y serio den henter e asunto aki, ta e hecho cu Minister di Husticia di pais Aruba, a dicidi di pidi un reunion di Parlamento, ya cu henter Gabinete Wever Croes II, ta obliga pa laga Parlamento analisa y controla nan maneho, pero pueblo no a ser permiti pa scucha tur loke ta ser treci dilanti relaciona cu e asunto aki.

Tur miembro di Parlamento, tur 21 y tur e Ministernan di e Gabinete actual, ta politiconan cu pueblo a eligi pa nan goberna e pais y parlamentarionan den representacion di pueblo, controla e maneho cu gobierno ta hibando pero e biaha aki un Minister di Husticia pa colmo, ta dicidi di sconde pruebanan pa pueblo caminda pueblo ta mira su derecho wordo viola y trapa pa un mentalidad politico cu ta e problema mas serio na e momentonan aki.

Fuera di e violacion serio aki, AWEMainta a logra di saca afo cu gobierno a informa Parlamento cu dia 3 di Mei di 2019, ningun momento Carlos Eduardo Restrepo Osorio cu por ser mira riba e foto firmando e documento bou di “toeziend oog” di Minister Bikker, lo a firma e acuerdo aki pa su compania Sociedad Aerea de Ingabue, esta SADI.

Awor ta pretende di convence representantenan di pueblo den Parlamento, cu Restrepo a “gaña firma pero cu nunca el a haci esaki loke ta converti ex Minister Andin Bikker den un payaso grandi y henter Gabinete Wever Croes I y II, den un gobierno cu ta un circo di actuacion y gañamento.

Hecho ta cu Carlos Eduardo Restrepo Osorio a dicidi di biaha pa Florida caminda el a entrega su mes na autoridadnan di DEA cu ta haciendo un investigacion relaciona cu e 446 kilo di cocaina cu a wordo haya den un avion di e compania SADI. Pero pa permiti Parlamento di pais Aruba y trata di converti tur parlamentario cu a atende e reunion den un grupo di figurante, ta algo hopi serio y tristo!!

Doño di helicopter di KPA a entrega su mes na Juni na DEA

Na aña 2021 autoridadnan Colombiano a dicidi di investiga un avion di e compania 'Sociedad Aerea de Imgabue' cu ta doño tambe di e helicopter cu gobierno a huur pa KPA.

Recientemente a ser muestra cu ta trata di un caso bieu cu lo a sosode na 2021 pero e tempo ey a confisca e avion cu 446 kilo di cocaina y segun investigacion cu a ser haci, entre otro riba actividad di celularnan, a bin saca afo cu Carlos Eduardo Restrepo Osorio, conoci como Caco, tambe ta involvi den e negoshi di droga aki.

Dos aña despues cu autoridadnan Colombiano di Provincia, a confisca e avion di SADI cu e lote grandi di droga, Carlos Eduardo Restrepo Osorio a dicidi di entrega su mes dia 9 di Juni di 2023, na oficialnan di DEA despues cu entre otro e piloto di e avion cu droga cu a wordo confisca na 2021, a declara contra di e doño di SADI. Mirando cu e pruebanan tabata contundente Caco a yega na un acuerdo pa e entrega su mes na DEA na luna di Juni ultimo y caminda ya el a

declara cu e ta culpabel na e acusacionnan di traficacion di droga cu a ser haya den e avion.

Pues ningun momento ta trata di un caso cu lo a tuma luga algun aña atras ya cu ainda tin investigacion tumando luga caminda Restrepo tin cu duna declaracion segun acuerdo cu e tin cu husticia Mericano, pa divulga nomber y informacion di tur cu ta den e negoshi di droga aki. Na Colombia tambe tin gran expectativa pa loke Caco lo bin dilanti y declara ya cu su compania di aviacion, a presta servicio hasta na e actual Presidente di Colombia durante di e proceso electoral di 2018 y tambe otro politiconan conoci di e pais.

Mirando tur e desaroyonan aki, sin duda lo ta na su luga pa gobierno di Aruba kibra e contact cu tin cu SADI y busca un otro compania pa huur un helicopter pa KPA ya cu tur cos ta muestra cu Restrepo lo confirma cu ta for di algun aña caba su compania di aviacion ta den e negoshi di droga.

Sigur ora cu tuma nota cu autoridadnan Colombiano ta trahando duro pa saca afo for di unda Carlos Eduardo Restrepo Osorio a saca tur e placa cu e tin y cu el a hinca den e negoshi di avion- y helicopternan. Restrepo ta esun cu tin e negoshi aki registra bou di su nomber y mientras cu aki na Aruba ta insinua cu e lo a retira for di e compania algun aña atras, tur esaki ainda tin cu wordo confirma na cua momento a haci esaki.

Restrepo a bin Aruba y a firma un acuerdo cu gobierno di Aruba na 2019 despues di un destaho publico cu no a resulta mucho transparente y cu a laga duda grandi atras kico a pasa cu e compania aki di SADI a gana e destaho.

Comerciante ta muestra cu 10 prome dianan di luna benta ta bon

Despues tur cos a bira menos

Cu pueblo no tin mucho placa pa pasa henter un luna completo y mas bien loke tin ta pa e prome dies dianan di luna, ya cu segun un comerciante cu AWEMainta a papia cu'ne, e resto di luna benta ta cay formalmente.

E observacion aki a cuadra cu loke por mira tambe den varios supermercado grandi y chikito caminda e ultimo parti di luna, consumidonan no tin mucho fondo pa sigui cumpra comestibel pa nan pasa e luna cu'ne financieramente.

No solamente supermercadonan pero tin panaderia cu ta mira cu a resta mas pan den e di dos parti di luna dunando cierto indicacion cu clientenan ta luchando pa pasa henter un luna manera mester ta loke ta indica tambe cu den hopi cas rond di e isla, principalmente esunnan cu entrada abou, no tin suficiente fondo pa sigui alimenta nan mes manera mester ta.

Den e grupo aki no solamente tin esunnan cu ta gana salario minimo pero tambe miles di pensionado cu ta mira cu tur luna nan placa no ta yega y nan tin cu limita nan mes na cumpra solamente ta di vital importancia pa nan por come y sobrevivi resto di e luna.

E ultimo aumento di gasolin dos siman pasa tambe a percura pa mas problema pa hopi hende y por mira cantidad di auto cu ta para banda di caminda ya cu gasolin a caba y tin cu mira con nan lo por bolbe haya un forma pa asina nan pone un tiki gasolin pa nan sigui cu nan transporte personal.

Loke antes por a yena den un tanki di gasolin pa 25 florin, a prac-

ticamente reduci cu casi 35 % y pa cubri e diferencia aki esaki lo nifica cu tin menos placa pa cumpra pan of comestibel pa asina e famia por sobrevivi e resto di luna.

Tin un situacion sumamente delicado den comunidad, ya cu ainda gobierno no tin un solucion pa duna un man na esunnan di menos entrada of cu entrada limita y den e grupo aki tin miles di pensionado cu ta hibando un lucha tur luna pa nan por percura pa tin cuminda riba mesa.

Mientras cu ta papiando di problema cu ley di RAft tin cu observa na mes momento cu gobierno Hulandes den su presupuesto pa 2024, no tin fondo aloca pa yuda e tres islanan CAS cu e situacion di pobreza mientras cu pa e islanan BES, a pone un suma di 30 miyon florin pa 2024 pa asina duna un man pa combati pobreza creciente cu tin na Bonaire, St Eustatius y Saba caminda un comision Hulandes, a muestra cu e pobreza a creciente.

E cantidad di muchanan cu ta yega scol cu no mucho alimentacion den nan stoma, tambe ta sigui crece caminda tin studiantenan ta pasa henter dia cu lo mas minimo den nan stoma y tin cu spera pa bay cas pa mira kico e situacion financiero di e famia a resta pa nan por sigui alimenta nan mes den un forma corecto.

Ta mas cu claro cu esaki por tin consecuencia riba educacion di e muchanan aki ya cu mucha- y hobennan cu ta pasa henter dia na scol cu hamber, ta bira demotiva pa nan sigui cumpli cu nan tarea di tur dia den e miho forma posibel.

Recientemente gobierno a bolbe muestra cu ta trahando pa baha prijs di awa y coriente cu tambe tin su efecto formal riba entrada di miles di famia rond di e isla pero ainda no tin un solucion na bista y tampoco tin algo den presupuesto di 2024 cu lo por yuda alivia e situacion penoso aki.

OPINION PUBLICO

Parlamento mester ta mas serio y sigur mas transparente

Awor cu a caba di cuminsa un Aña Parlamentario nobo, e ta trece cu ne tambe institucion di diferente comision-

nan interno y asina tambe comisionnan di topiconan cu por wordo delibera den reunionnan di Parlatino, cu de facto no ta ofrece un balor agrega na trabao di Parlamento di Aruba. P'esey el a haya number tambe di Paranda Latino. Esey e ta, banda di gastonan p'e Parlamentario por atende.

Recientemente por a tende number di varios Parlamentario, di Gobierno y Oposicion menciona. Den nan tin menciona p.e. number di Benny Sevinger, kende for di dia cu a ser menciona cu e ta un sospechoso, Parlamento a laga sa cu e no por biaha mas pa presenta Aruba den ningun reunion mas, Parlatino, tampoco di IPKO. Awor mira cu su number ta menciona den varios di e comisionnan. Pakico, si e no por bay tog?

Fuera di esey, lider di AVP, Mike Eman, nunca a bay un reunion di Parlatino, pero tampoco di IPKO. Pakico mester incluye den e comisionnan. Djis pa su number wordo menciona pa pueblo kere cu e ta mescos cu tur otro, cu no ta perde un biahe.

Pa loke ta MEP su fraccion, si miembronan si no ta perde pa gana. E unico forma cu miembronan di MEP y RAIZ ta keda sin bay, ta pasobra nan ta malo of tin otro compromise cu no por cambia. Y si tin un miembro cu no por bay p.e. Parlatino, di biaha tin boluntario pa haci e biahe tog.

Esaki ta forma di un corrupcion administrativo, cu ta ser tolera. P'esey si tin cambionan pa wordo haci, trece cambio den esaki tambe, p'asina cu nos tin un Parlamento cu ta traha na bienestar di pueblo, y no (mal)gasta placa di pueblo.

Demostra transparencia, loke ta ser priminti.

AVP ta habri dialogo nacional riba Sociaal Cultureel Planbureau !

Despues di a presenta e mocion na Parlamento di Aruba, Partido di Pueblo Arubano (AVP) ta empuhando e introduccion di un asina yama Sociaal Cultureel Plan Bureau mescos ta existi na Hulanda caba. E siguiente paso ta pa hiba un dialogo nacional y den cuadro di esaki a tene un reunion e siman aki cu Mediador di Gobierno, Sr. Anselmo Pontilius. “Un persona di su conocimiento y experiencia den desaroyo nacional por contribui di un forma valioso na e concepto aki, pa cual e lider, mr. Mike Eman, ta hopi gradicido.

Compañia pa John Hart y Wendrick den nan calidad di miembro di e fundacionnan Mito Croes y Digna Lacle Herrera, Eman ta splica cu no ta suficiente pa tin un Caft cu ta haci calculacion di presupuesto, pero den e dialogo cu Hulanda falta un bista mas amplio di tur e factornan cu ta influencia e calidad di bida di nos

hendenan; kico ta e oportunidadnan pa expande economia, mehora entrada pa ciudadano, con por garantiza miho cuido pa nos grandinan, con ta bay atende cu e tema di vergrijzing, etc.

AVP ta haya cu ta hopi importante pa bin cu un vision nobo cu por trece Aruba bek den harmonia cu Reino. Ta cumbini nos pa Hulanda tin un bista mas amplio di kico tur ta afecta e calidad di bida di nos hendenan y tin influencia riba e desaroyo di nos pais y e oportunidadnan cu Aruba tin. P’esey a bin cu e proposicion pa introduci un Social Cultureel Plan Bureau hunto cu Hulanda cu ta haci estudio riba tur tema cu ta afecta e calidad di bida di e ciudadano y nan oportunidad di desaroyo.

“Ora cu gobierno tuma medida, cu tin un calculacion di kico ta e efecto pa e ciudadano. Ora cu bo bin cu un BBO na frontera, con e ta impacta e costo pa comercio, con e ta afecta e poder di compra di e ciudadano, con ta afecta enseñanza di nos muchanan. Tur e temanan aki nos ta mira ultimo tempo cu ta tuma decision cu un facilidad, simplemente basa riba rekensom. Ta aumenta e peso riba nos ciudadano, pero no ta calcula e impacto. Ta importante pa Hulanda tambe tin riba su “netvlies” e informacion cu un Social Cultureel Plan Bureau por trece,” e lider di AVP a comenta.

E delegacion di AVP a conclui e reunion cu Anselmo Pontilius hopi satisfecho. Na opinion di John Hart, a resalta e importancia di dialogo ya cu ta algo cu mester continua pa eleva e manera colectivo di pensa. “E ta trece perspectiva nobo y ta mantene gobierno y parlamento, stakeholders skerpi pa tene nan bista riba loke ta importante. Cifra ta importante, pero tambe e sentimento cu ta biba den pueblo,” Hart a indica, p’esey e ta kere cu un Social Cultureel Plan Bureau ta agrega un balor, “e parti di kico ta welvaart y welzijn. No ta solamente cu un presupuesto mester klopt, pero tambe e sentimento y necesidadnan cu ta biba den pueblo,” el a agrega.

Di su banda, e candidato hoben Wendrick Cecilia ta considera importante pa profundisa e discusion cu ta hiba actualmente. Ta scucha tocante un Raft, supervision financiero externo, presupuesto, tur ta terminologia importante den cuadro di finansa publico, pero importante ta tambe e impacto social economico cu persona ta bay enfrenta den nan bida diario a consecuencia di decisionnan politico. “Pa crea e balansa entre e argumento financiero y e impacto social economico, Sociaal Cultureel Plan Bureau ta necesario den e discusion aki,” Wendrick Cecilia a enfatisa. “No solamente mester wak si e kolom financiero ta cuadra, pero por wak tambe e impacto riba e bienestar di nos pueblo. E balansa cu e instituto aki ta bay crea den e prioridadnan cu no mester pone ta hopi importante,” asina Cecilia a conclui. Eman, Hart y Cecilia a envatisa tambe cu lo continua cu e dialogo aki acercando diferente organizacion.

Na e comunidad Hudiu di Aruba nos lo kier desea un ayuno facil y scrito seyado.

AZV ta informa:

Exitoso bishita di RGC Activa S.A.S na AZV

Recientemente Organo Ehecutivo AZV (OE AZV) a haya bishita di RGC Activa S.A.S di Colombia e organizacion di auditoria cu ta traha cu OE AZV pa monitoria e hospitalnan na Colombia.

Señor German Fernandez, representante di RGC Activa S.A.S ta conta cu nan a biaha pa Aruba pa presenta e resultado di nan trabounan na OE AZV. RGC Colombia ta un compania di auditoria y facturacion den sector di seguro y sector medico. Cu casi 20 aña di experiencia y un total di 330 trahado; nan ta domina e tereno di auditoria na Colombia trahando pa 10 cliente di renombre na Colombia (e.o. Colsanitas, Seguros Bolívar, AstraZeneca) y 2 cliente internacional di cual Aruba (OE AZV) ta un di nan.

Resultado

Un punto cu a keda confirma ta cu e cuido medico cu OE AZV ta cumpra for di Colombia ta di hopi bon calidad ya cu tin contracto cu e hospitalnan di mas "top" di Colombia. Y esaki no ta algo cu RGC Activa S.A.S so ta confirma, sino mas bien cu diferente otro instancianan a sa di comproba esaki pa medio di e diferente acreditacionnan como resultado di diferente evaluacion (y midimento) otorga na e hospitalnan aki.

Asina mes, durante auditoria y inspeccion di RGC Activa S.A.S a logra rechasa -den nomber di OE AZV- 2% di e facturanan cu a wordo manda te cu awor den 2023, sumando un total di alrededor di 145mil dollar Mericano. Cu e resultado aki ta logra pa mantene cada hospital di Colombia skerpi den nan forma di factura cerca OE AZV.

Servicio nobo

Hunta di Comisario di OE AZV como tambe director di OE AZV señor Edwin

Jacobs ta hopi satisfecho cu e resultado presenta. Segun OE AZV RGC Activa S.A.S ta un partner clave pa OE AZV pa asina mantene un bon control riba e gastonan di cuido medico na Colombia pero sigur tambe pa crea e espacio pa mehoracion den otro area. Bisando esaki, señor German Fernandez ta confirma cu banda di e servicio di auditoria awor tambe lo start cu un servicio nobo.

Expectativa

E servicio nobo ta e auditoria di e proceso di haya cita (consulta) na Colombia. Aki ta unda RGC Activa S.A.S. lo percura pa sostene di mas cerca e proceso di yega Colombia pa e prome cita te cu e agenda di e siguiente citanan. E sosten aki tin como meta pa mehora y asina percura pa e citanan cu e hospitalnan cana mas lihe (hopi mas eficiente). Un miho conexion entre e yegada di pashent (y su acompañante social) na e 1e cita cerca dokter na Colombia te cu e 2do (of siguiente) cita sigur lo beneficia e experiencia total di tratamiento medico di e pashent. Igualmente e servicio nobo aki lo beneficia fondo AZV unda lo percura pa tin

multa (boet) pa e hospitalnan cu no mantene nan mes na e palabracionnan (huridico) di e contracto entre OE AZV y nan pa loke ta trata e.o. e tempo di espera entre e citanan. Loke tambe lo bira algo nobo ta e hecho cu awor cada cita cu keda cancela fuera di e alcance di OE AZV y of e asegurado lo cay bou responsabilidad di e hospitalnan mes.

Por ehempel si un asegurado ta biaha pa su cita dialuna y ta yega e cita y e hospital ta cancela e cita pa motibo di aparato cu a kibra of cualkier otro motibo, e ora ey ta e hospital mes ta carga e responsabilidad pa reschedule e cita y pa percura pa traha un cita mas lihe cu ta posibel.

Gradicimento

OE AZV ta gradici señor German Fernandez, señora Diana Ramirez y señor Jaider Fernandez pa nan tremendo presentacion y bishita na OE AZV. Igualmente Hunta di Comisario y directiva di OE AZV ta gradici henter e team di OE AZV cu a participa na e diferente reunionnan hunto cu RGC Activa S.A.S. Ta sigui reforma pa garantiza AZV pa futuro generacion.

Parlamentario dr. Arthur Dowers:

Gabinete Wever-Croes tabata sa y kier sigui sconde berdad di helicopter pa pueblo

Na salida di e reunion porta cera cu Gabinete Wever-Croes II a laga president di parlamento yama diahuebs atardi, parlamentario di fraccion AVP, dr. Arthur Dowers a habri tur afo contra e mal maneho y mal intencion rond di e contracto di helicopter cu awe tin Cuerpo Policial di Aruba y e isla henter su cara na berguensa pa loke ta combatimento di traficacion di droga.

Minister di Husticia a pone poco documento ‘ter inzage’ y loke por saca afo ta cu tabatin un ‘ondeonsje’ cu e negociacion y e firma di dicho contracto. Hunto cu esey, e mandatario a argumenta cu tabatin un destaho publico cu despues a cancela pasobra supuestamente ningun compania tabata cumpli cu e rekisitonan. Sinembargo, despues a bay haci un negociacion na banda cu esun cu finalmente a haya e contracto.

“Ta p’esey hopi hende e tempo ey a denuncia publicamente cu e proceso no a cana manera mester ta y awo nan ta haya rason,” asina Dowers a declara pafo di sede di parlamento diahuebs merdia. Ta bisa acerca cu “pio ainda ta cu e gobierno cu ta yena su boca cu e palabra transparencia awe, na luga di laga tur hende wak e documentonan aki, ta sconde nan den parlamento.” Y na luga di responsabilisa nan mes, e mandatario ta blo sigui wak den pasado pa punta dede riba oposicion treciendo punto dilanti cu no ta cuadra cu berdad.

Dowers ta bolbe desafia gobierno bisando: “E ta para ariba cu tabatin un destaho publico corecto y esey ta un mentira y mi ta ret’e pa saca tur documento cu el

a bin cu ne den parlamento y nos lo bay den un proceso pa haya tur documento y si mester bay corte, ta bay corte pa pueblo mira con Gabinete Wever-Croes-Oduber-Bikker a traha e tempo aya y con nan a deal e helicopter aki.”

Loke tambe tabata hopi remarcabel pa Dowers, ta con e persona cu a entrega su mes na DEA prome gobierno a bisa cu tabata marketing manager, awe gobierno ta bisa cu tabata e commercial manager, pero tambe cu den e documento cu nan a haya pa wak, ta menciona diferente persona cu e mesun fam.

Riba dje, Minister di Husticia Rocco Tjon awo si ta admiti cu e investigacion di DEA ta uno cu a cuminsa for di 2021 y cu gobierno tabata na altura di dje. Cu na e momento ey a manda puntra e compania cu a bisa cu e persona ey no ta traha cu nan mas. E ora ey e pregunta obliga ta: Pakico gobierno mes no a bin dilanti y bisa esey? Pakico a laga cuerpo Policial Aruba tur e tempo ey den scuridad di e informacion aki?

Dowers: “Si e minister aki tabata serio y ta tuma e integridad di KPA na serio, ora cu a bira conoci cu e persona aki ta den droga, lo bo a clarifica tur cos. Un persona cu a sinta cu boso na mesa y firma, cu ta den investigacion grandi di traficacion di droga, hunto cu e compania, anto bo no a ni avisa cuerpo policial pa laga nan pasa e berguensa cu nan pasa den fin di siman ora e noticia a rementa. Mi impresion ta cu nan a kere cu nan lo keda tapa esaki y ningun hende lo haya sa.”

E echo cu gobierno di Aruba tabata sa for di 2021 ta pone tambe cu minister y gobierno no tin base huridico pa para e contracto awo y esey ta e motivacion real di pakico minister a bin dilanti dialuna ultimo exigiendo pa alto mando policial hala atras riba su decision di stop di uza e helicopter.

El a pone cuerpo policial den un situacion fastioso. Parlamentario Dowers ta kere cu Polis mester ta consciente di esaki cada bes cu e titular di husticia bisa cu e ta pro polis.

Despues di varios proposicion entrega na Hulanda Gobierno di Aruba ta sigui negocia riba e direccion hibrido

Durante e ultimo reunion den Parlamento, Prome Minister Evelyn Wever-Croes a indica cu tanto Parlamento di Aruba y Hulanda tabata hopi critico pa loke ta trata e proposicion di Hulanda pa bin cu e RAft. Hopi ta e preguntanan, comentarionan y criticanan cu a wordo haci pa diferente fraccion. Pa loke ta fraccion di MEP, AVP y Raiz despues di a entrega varios pregunta, a bisa mesora cu nan no lo ta na favor di e RAft. Fraccion di MAS y Accion 21 cu tambe tabata critico, y despues di entrega hopi comentario, critica y hasta exige cambio, finalmente a vota na favor di e RAft.

Prome Minister a indica cu a base di tur loke Parlamento a trece dilanti, el a sigui negocia cu Hulanda, pero lamentablemente desde cu Parlamento a entrega e preguntanan aki, na mei 2022, Hulanda no a cambia nada mas, no kier a papia di cambio, y ni di contesta e Parlamentarionan. Prome Minister a pone tur e correspondencia disponibel pa tur miembro di fraccion por lesa, con desde Juni 2022, Gobierno a haci varios proposicion na Hulanda pa por sali for di e impasse, unbes cu na mei 2022, Parlamento a bisa cu e no ta bay acepta e RAft.

Gobierno a propone pa bin cu un onderlinge regeling enbes di un Ley di Reino, ya cu el a traha pa COHO y ta sigur e por traha pa RAft, a propone pa pone den e ley di LAft, un clausula cu Aruba no por cambia e ley sin papia cu Hulanda, pero e opcionnan aki, Hulanda no kier a acepta. Gobierno a splica nan cu esaki ta un acuerdo di fianza y lo por ta bon pa haci mescos cu banco, na unda Hulanda ta pone nan condicionnan di kico Aruba lo mester cumpli cu ne den tanto aña, y ora e acuerdo caba, ningun tin di haber mas cu otro, pero esaki tampoco nan no tabata kier. Gobierno a bisa nan cu si e miedo ta cu Aruba ta cambia e ley riba su mes, pa duna e ora un interes abou,

y si den futuro tin un Parlamento of Gobierno cu ta dicidi di cambia e ley di LAft sin papia cu Hulanda, e ora e interes ta subi na 6 pa 8%, pero esaki tampoco nan a acepta.

Prome Minister a splica cu na Juli 2023, Hulanda a bisa Gobierno cu, mirando cu Aruba no kier acepta e RAft manera cu e ta, nan ta willing pa traha riba algo otro, e no lo ta e RAft pero si e lo ta un Ley di Reino. Den cuadro di esaki, Prome Minister a bay Parlamento pa presenta e alternativa aki, y aki ta unda Parlamento a duna un cuadro den cual nan kier pa Gobierno sigui negocia. E opcion aki ta un direccion hibrido, na unda cu tin algun aspecto den landsverordening, y algun den un rijkswet. Cu esaki, Hulanda lo tin un grip riba algun cos y Parlamento lo tin su autonomia den e landsverordening.

Dia 7 di September, Parlamento a bin cu mocionnan y a indica pa e RAft wordo kita for di mesa y pa Gobierno sigui negocia den e direccion hibrido, manteniendo y respetando e derecho di e “budgetrecht” di Parlamento.

Arthur Dowers ta reta Prome Minister pa proba con helicopter a baha crimen na Aruba

E parlamentario di Partido di Pueblo Arubano (AVP) a hay'e ta atende cu peticion di varios medio y ciudadano pa un reaccion riba e declaracion haci recientemente door di Prome Minister Evelyn Wever-Croes rond di e scandal di e helicopter na servicio di Cuerpo Policial Aruba. Dowers ta di opinion cu atrobe e minister president ta purba di tira santo de wowo di pueblo papiando cos cu no ta cuadra y puntando dede riba gobiernonan anterior basa riba puro mentira. P'esey mes diamars mainta el a reta Premier Wever-Croes pa debati y compara resultado di tempo cu e tabata minister di husticia y awo.

Para dilanti di e hangar di base di Cuerpo di Bombero na aeropuerto, e parlamentario a expresa di tabata sorprendi pa scucha su nomber den boca di e prome minister pa loke ta tangana cu gobierno ta aden aworaki. Di otro banda, Dowers ta compronde cu Gabinete Wever-Croes I y II no tin logro propio pa gaba su mes ta aden. Esaki ta pone cu, te hasta e

acuerdo cu un traficado di droga cu a entrega su mes na DEA, nan lo sali y bisa di ta masha orguyoso di dje.

No por gaba cu e deal di Eagle LNG pasobra esey ta un macutu cu ainda tin pa wak cuanto puyito lo sali fo'i dje y cuanto e lo costa pueblo. Esun di Citgo si tur hende sa cu Aruba a perde di ricibi 300 milyon florin, ademas di core riesgo cu lo mester saca mas, a pesar cu un hende yega na partido si a gana bon pida cen cu e acuerdo aki. P'esey tambe ta facil, segun Dowers, pa compronde e ansha di morto cu tabatin e tempo aya pa firma e deal aki di helicopter.

E tempo ey, hopi hende a reclama y bisa cu nan no a haya un oportunidad husto pa presenta un oferta pasobra for di prome instante gobierno a bisa caba ta ken lo haya e contracto. E amor grandi ey a keda demostra e siman aki atrobe den e rapidéz cu ministernan a sali publicamente na defensa di e compania. Cualquier otro organisacion cu a cera un deal cu hende meti den droga, por lo menos lo a warda un par di dia di investigacion prome pa wak kico ta kico y no djis bisa cu e helicopter mester sigui keda bula.

Wever-Croes ta acusa Dowers di para tur asunto di helicopter ora el a asumi e responsabilidad e cartera di husticia. Sinembargo, Dowers a topa cu un contracto andando y ora cu esey a caba, e compania tabata pretende di haya un extension sin destaho publico, pasobra esey ta e manera con e gobierno anterior di MEP a hacie. Como cu tabatin 1 milyon florin presupuesta pa helicopter y no a haya un oferta bou di 1.2 milyon florin, Dowers a opta pa hinca e recursonan directamente den Cuerpo Policial Aruba, loke a resulta den un avance considerabel di nan operacion.

Dowers: *"Evelyn Wever-Croes ta gaña un bes mas cu ta e helicopter a soluciona criminalidad na Aruba. Loke ta soluciona crimen ta polis. Mi a bin haya un KPA demoralisa loke ta pasando aworaki atrobe. Mi a pone mas cu 100 polis na trabou cu ta trahando ainda y ta nan ta combati y preveni crimen, no helicopter. Fuera di esey a aumenta castigo pa atraco y posesion di arma; esey ta loke ta reduci y preveni crimen, no un helicopter cu ta costa 10 milyon florin di pueblo; 10 milyon florin tira afo."*

Na su opinion, mando policial a haci masha bon di bisa cu tanten no tin claridad, e helicopter no ta bula. Minister Tjon, na luga di para tras di integridad di su cuerpo policial, a defende e compania stranhero cu storia pasobra ningun compania serio ta manda un marketing manager pa firma un contract di 10 milyon florin.

"Fiesta di narcotraficante tin riba e isla aki. Evelyn Wever-Croes y Andin Bikker a corta nanishi pa dañá cara di Cuerpo Policial y di Aruba," el a expresa retando e prome minister pa trece e cifra cu ta muestra cu di dia cu e helicopter ta bula, crimen a baha. *"Cualquier dia nos por debati riba kico boso a laga, kico nos a haci. Bin cu lista y bisa cua crimen e helicopter aki a soluciona y mi ta bin cu lista di cua polis a soluciona cua crimen y si ta abo a nombr'e of ta ami a nombra nan"* asina e parlamentario di oposicion a finalisa bisando.

Na Asamblea General di Nacionnan Uni

Aruba ta haya elogio pa tur e esfuersonan haci pa transiciona na energia limpi

Diaranson ultimo, durante e reunionnan di Asamblea General di Nacionnan Uni #UNGA78, Prome Minister Evelyn Wever-Croes a atende e conferencia di energia. Den su discurso, Prome Minister a expone e plannan ambicioso di Aruba pa transiciona na energia limpi. Aruba, pa prome biaha, tin su National Energy Policy, un plan concreto cu ta indica con pa atende cu e retonan di reduccion di emision di CO2.

E National Energy Policy ta wordo sostene door di tur stakeholder y su obhetivonan/metanan mas importante ta lo siguiente.

1. Pa reduci e emision di carbon cu 45% pa aña 2030, manera estableci pa Nacionnan Uni, cu e meta pa limita e calentamento global cu 1.5 grado Celsius.
2. Pa cumpli cu e tratado di Paris 2050 y comberti Aruba den un pais "carbon neutral"
3. Pa aumenta e eficiencia energetico di tur negoshi, casnan y organisacionnan cu 15% di 2020 pa 2030
4. Pa aumenta e uzo di energia renobabel cu 35%, pa loke ta produccion di coriente na 2024
5. Pa aumenta cu 15% e uzo di vehiculonan di electricidad pa 2030.

Prome Minister a enfatisa: "Aruba ta ambicioso y comprometi pa realisa e metanan aki, y nos ta determina di cumpli cu nos parti di e acuerdo pa logra e metanan estableci na Paris".

Tambe, el a expresa, cu su persona y mayoria di esnan di Small Island Development States (SIDS) ta sinti cu no tur pais ta asina comprometi. Esaki sigur ta creando un frustracion, mirando cu efectonan devastador di cambio climatico ta birando mas visibel y ta wordo sinti mas, y no tin tempo pa perde.

"Mi ta sumamente orguyoso di tur nos profesionalnan, pa nan esfuerso y dedicacion den crea un "National Energy Plan" pa Aruba. Nos a haya elogio di varios otro participante pa nos esfuersonan y pa nos compromiso pa cumpli cu e plan. Cu determinacion nos lo sigui traha pa busca mas colaboracion pa logra nos metanan", Prome Minister a expresa.

Celebrando literatura y creatividad artistico

Pollo con Champiñones y Salsa Cremosa

Muslos de pollo bañados en salsa cremosa de champiñones.
Es sencillo y fácil de hacer, y está listo para servir en sólo 30 minutos.

Receta

TIEMPO PREVIO: 5 minutos

HORA DE COCINAR: 1 hora 20 minutos

TIEMPO TOTAL: 1 hora 25 minutos

Ingredientes:

2 muslos de pollo enteros grandes
1 taza de raíz de apio
1 zanahoria grande
1 cebolla grande
1/3 taza de puerro
3 dientes de ajo medianos
2 piezas de clavo
2 cucharadas de mantequilla
2 cucharadas de harina
1/3 taza de crema espesa
1 1/2 tazas de sopa de pierna de pollo
1 1/2 tazas de hongos shiitake
1 cucharada de chalotes
2 cucharadas de perejil
1/3 taza de crema espesa
1/2 cucharadita de sal molida
1/4 cucharadita de pimienta negra molida
1 cucharada de aceite vegetal
2 cucharadas de panceta sin curar cortada en cubitos
1 cucharada de mantequilla
1/2 cucharadita de sal molida
1/4 cucharadita de pimienta negra molida
2 cucharadas de perejil
2 brotes de guisantes
3 rebanadas de rábano cherry belle
2 hojas de acedera roja

Direcciones:

1 - Agrega 2 muslos de pollo enteros a una olla y deja hervir. Quita la escoria. Corta la raíz de apio, las zanahorias, la cebolla y el puerro en trozos. Agrega a la olla y luego agrega 3

dientes de ajo y 2 trozos de clavo. Tapa la olla y deja cocinar a fuego lento durante 1 hora.

2 - Transfiera las piernas de pollo a un plato y déjelas a un lado. Filtra la sopa con un colador de tapa. Triture las verduras cocidas en el colador y guarde la sopa para usarla más tarde.

3 - En una cacerola, agrega 2 cucharadas de mantequilla. Cuando la mantequilla se derrita, agrega 2 cucharadas de harina. Cocine hasta que queden burbujas. (Es mejor cocinar la harina de manera uniforme, de lo contrario, la salsa le dará el sabor a harina). Luego agregue la crema espesa y la sopa de pollo mientras revuelve. Cuando la salsa espese, baje a fuego lento. Déjalo hervir a fuego lento durante 10 minutos. Mientras tanto, revuelva ocasionalmente para evitar que se queme.

4 - Cortar el champiñón, pelarlo y cortar las chalotas en rodajas gruesas, picar el perejil, añadir al plato y reservar.

5 - Agregue crema espesa a la cacerola. Sazone con sal y pimienta negra; tape y continúe cocinando a fuego lento.

6 - En una sartén mediana agrega aceite vegetal. Agregue la panceta cortada en cubitos sin curar y revuelva hasta que tenga color. Luego agregue la chalota y el hongo shiitake; Salteado. Cuando las chalotas y los champiñones estén dorados, agregue la mantequilla, la sal y la pimienta negra. Termine con perejil picado y transfiera a un plato.

7 - Deseche la piel de las piernas de pollo. Corta las piernas de pollo por la mitad de las articulaciones y agrégalas a la cacerola. Cúbrelo bien con la salsa y cocina por 1 minuto.

8 - Transfiera las piernas de pollo al plato y rocíe con la salsa. Agrega los champiñones alrededor de las piernas de pollo. Adorne con brotes de guisantes y rábano cherry belle. ¡Servir y disfrutar!

Fortaleza pa Famia

Un fundeshi spiritual firme, den Cristo Hesus

HOPÍ hende kier core duro bay dilanti, y laga Dios atras, si Dios ta bini na di dos luga, of ora mi corda ta bon, y esey ta un actitud completamente robes, Dios mester tin e prome luga den nos bida, Dios ta e fundeshi pa tur cos. Pa falta di un bon fundeshi Spiritual, hopi hende cay den trampa di enemigo, cual ta afecta nan bida Spiritual, Social, Fisico, y Financiero, integridad y caracter.

Pa falta di un bon fundeshi Spiritual hopi hende no ta respeta e palabra cu yama: NO.

E palabra no ta existi pa nan, pasobra nan tin un pensamiento, cu kico cu nan kier, nan por haci, pa nan haya locual cu nan kier, no ta importa ken nan tin cu haci daño basta nan deseo wordo cumpli.

Pa falta di un bon fundeshi spiritual orguyo, y arrogancia ta drenta, y amargura ta domina bida di hende cu nan ta kere cu nan so ta riba mundo, y no ta tene cuenta cu nan prohimo.

Un bon fundeshi spiritual, no ta nifica un fundeshi religioso, den idolatria, pero e ta estableci den un relacion directo cu nos Señor Cristo Hesus.

Hesus a bisa den Lucas 6:46-48: Y pakico boso ta yama Mi, Señor, Señor y no ta haci loke mi ta bisa? Ken cu bini cerca Mi y tende mi palabranan y haci nan, lo Mi muestra boso cu ken e ta igual.

E ta igual cu un homber cu a traha un cas, kende a coba hundo y a pone un fundeshi riba e baranca. Y ora cu a bini un diluvio, e torente di awa a suta contra e cas ey y no por a sacudi'e.

Salmo 127:1 ta para skirbi: Si Señor no traha e cas, ta envano esnan cu ta trahe, ta traha cansa curpa. Si Señor no warda e stad, ta envano e guardia ta keda lanta.

E importancia di un bida spiritual, firme ta primordial den nos bida, pa nos alcanza e proposito di Dios pa nos bida. Nos bida Spiritual firme no ta mara na placa, tampoco na nos estudio, pero mester ta fundamenta den nos Fe y obediencia na Dios, caminda nos ta reconoce, Dios na prome luga, y tur sobra cos Dios mes lo añadi den nos bida.

Ora bo nota cuanto problema nos hubentud tin, y awendia hende kier bisti tur cos un bisti politico,

Si e mucha no ta bay scol ta politica,

Si e ta cana cu arma ta politica,

Si e ta cana den gang ta politica,

Si e ta cana horta ta politica,

Si tin duda den su identidad sexual ta politica.

Ta un sistema di schuif e educacion social y spiritual riba politica, mientras cu e educacion spiritual, social, respet y moral ta cuminsa na cas.

Tene cuenta cu esaki Apostol Pablo ta bisa den 1 Corintionan 3:10-11: Segun e gracia di Dios cu a wordo duna na mi, mi a pone un fundeshi manera un arkitecto sabi, y un otro ta trahando riba dje. Ma laga cada hende tene cuidao con e ta traha riba dje. Pasobra ningun hende no por pone otro fundeshi, cu esun cu ta poni caba, cual ta Hesus Cristo.

Mundo ta yena actualmente cu hopi fundeshi falso cu no ta mara ni na e Palabra, tampoco e conocimiento di Cristo Hesus. Un cas sin un bon fundeshi, su murayanan ta scheur, pasobra e no por wanta e peso di e dak cu ta riba dje, asina e ta cay den otro.

Nos bida mester ta fundamenta den Cristo Hesus, pa asina nos por para contra e atakenan di e enemigo.

Minister Geoffrey Wever: Registracion di Companianan di Construcccion lo brinda mas confianza den industria di construcccion

Fundacion Registracion di Companianan di Construcccion (RCC) a elabora riba e importancia pa combati economia informal durante un evento organisa y teni dia 20 di september, na oficina di ATIA.

Economia informal ta encera actividadnan economico cu simplemente bisa no ta cumpli cu leynan existente den su totalidad. Prijsnan di productonan y serviccionan ofreci pa esnan activo den e sector informal hopi biaha ta mas abou, mirando cu no mester tene cuenta cu e gastonan di tur e rekisitonan di un negoshi. Compara cu comerciantenan cu si ta cumpli di acuerdo cu leynan stipula, esaki ta clasifica como competencia inhusto.

Fundacion Registracion di Companianan di Construcccion (RCC) ta conta cu apoyo di Aruba Trade and Industry Organization (ATIA). RCC tin como mision pa crea un network di companianan safe, husto y responsabel den e sector di construcccion na Aruba. E fundacion kier stimula pa companianan di construcccion ta responsabel pa nan empleadonan, cumpli cu tur leynan y obligacionnan existente y asina tambe contribui na e economia di Aruba. Pa logra esaki, e fundacion a crea e RCC-label, un label di certificacion di companianan di construcccion. Companianan di construcccion cu ta miembro di e fundacion lo ricibi un RCC-label, certificando cu ta cumpli cu normanan stipula y ta considera un compania responsabel.

E creacion di e RCC-label ta demostra con un sector mes por tuma e iniciativa pa stimula cu negoshinan ta opera na un manera transparente y asina cumpli cu tur rekisito. No solamente ta crea confianza cerca e consumidor, pero tambe su propio trahadonan, gobierno y institutonan financiero. Mas ainda, ta stimula y contribui na un level playing field den e industria.

Crea un level playing field - competencia husto - ta un meta importante den e maneho segun minister Geoffrey Wever. Cada comerciante mester por tin e siguransa cu su competido tambe ta cumpli cu tur e rekisitonan cu ley ta exige, y no ta 'cut corners' pa crea un bentaha artificial. Asina so por tin competencia husto.

Minister Geoffrey Wever ta gradici, aplaudi y apoya Fundacion Registracion di Companianan di Construcccion pa nan iniciativa. E RCC-label lo beneficia e sector di construcccion, estimulando proteccion di e consumidor y teniendo empresanan mas cauteloso di nan practicanan operacional cu porta ta dudoso.

Gradicimento.

Na nomber di su yiu Antonio L Perez, nuera, nieta y nietonan, bisanietanan y demas famia kier a gradici cada un cu a tuma tempo pa manda whatsapp, msg, yamada, telegram y pa a asisti na despedida di nos:

Spirit Airlines increases flights from Fort Lauderdale to Aruba

ARUBA Airport is excited to announce a significant development in air travel connectivity between Fort Lauderdale and Aruba. Spirit Airlines has recently reaffirmed its commitment to strengthening its connection with Aruba by expanding its service from Fort Lauderdale.

Enhanced Service Schedule

Previously, Spirit operated the Fort Lauderdale – Aruba route twice a week, with flights on Wednesdays and Saturdays. Recognizing the growing demand for travel to the island, Spirit has taken proactive steps to meet this demand by increasing its service to Aruba. As of September 6, Spirit increased its service to the island, expanding from two weekly flights to four weekly flights. The new flight schedule covers Wednesdays, Thursdays, Saturdays, and Sundays, offering passengers greater flexibility in their travel options.

Further Expansion in Winter 2023-2024

Beginning October 4, 2023, Spirit will further enhance its service to Aruba from four weekly to daily flights between Fort Lauderdale (FLL) and Aruba. The route will be operated by an Airbus A321 aircraft, providing a seat capacity of approximately 228. This expansion by Spirit is expected to generate approximately 1,140 additional weekly seat capacity to Aruba from Fort Lauderdale, significantly enhancing connectivity between the two destinations.

In addition to this increase in frequency by Spirit to the Florida region, it's important to highlight that American Airlines also operates a route to Florida, specifically Miami – Aruba, with double daily frequency.

Flight Schedules

Flights from Aruba to Fort Lauderdale depart on weekdays at 3:30PM and on weekends at 5:15PM.

“The decision by Spirit to enhance its connection to the island is a testament to Aruba Airport’s ongoing commitment to fostering partnerships with airlines and continually expanding its global reach”, said Jo-Anne Meaux-Arends, Aviation Business Development Executive.

For more information about Aruba Airport’s monthly flight schedules please visit our website at <https://www.airport-aruba.com/flight-schedules>. AZV Information:

Successful visit by RGC Activa S.A.S to AZV

RECENTLY, the AZV Executive Body (AZV EB) received a visit from RGC Activa S.A.S from Colombia, the auditing organization that works with AZV EB to monitor hospitals in Colombia. Mr. German Fernandez, a representative of RGC Activa S.A.S, stated that they traveled to Aruba to present the results of their work at AZV EB. RGC Colombia is an auditing and billing company in the insurance and medical sector with nearly 20 years of experience and a total of 330 employees. They specialize in auditing services in Colombia, working with 10 reputable clients in Colombia, including Colsanitas, Seguros Bolívar, and AstraZeneca, and two international clients, one of which is Aruba (AZV EB).

Results

One confirmed point is that the medical care purchased by AZV EB from Colombia is of very high quality, as evidenced by contracts with some of Colombia's top hospitals. This confirmation comes not only from RGC Activa S.A.S but also from various other entities that have verified this through different accreditations resulting from various evaluations and assessments awarded to these hospitals.

Additionally, during the audit and inspection by RGC Activa S.A.S, 2% of the invoices sent up to now in 2023, totaling around \$145,000 USD, were rejected on behalf of AZV EB. This achievement ensures that every Colombian hospital remains sharp in their invoicing practices with AZV EB.

New Service

AZV EB's Board of Commissioners and AZV EB's Director, Mr. Edwin Jacobs, we are very pleased with the presented results. According to AZV EB, RGC Activa S.A.S is a key partner in maintaining control over medical care expenses in Colombia and creating opportunities for improvement in other areas.

In this regard, Mr. German Fernandez confirms that alongside their auditing service, they will also introduce a new service.

Expectations

The new service is the audit of the appointment scheduling process in Colombia. Here, RGC Activa S.A.S will ensure closer support for the process of arriving in Colombia for the first appointment and scheduling subsequent appointments. This support aims to improve and ensure that appointments at hospitals run more smoothly and efficiently. A better connection between a patient's arrival (and their social companion) for the first doctor's appointment in Colombia and their second (or subsequent) appointment will enhance the overall medical treatment experience for the patient. This new service will also benefit AZV EB by holding hospitals accountable, legally, for issues such as waiting times between appointments.

Another new aspect is that any canceled appointments outside the control of AZV EB or the insured party will become the responsibility of the hospitals themselves. For example, if an insured person travels to their Monday appointment and upon arrival, the hospital cancels the appointment due to a broken machine or any other reason; the hospital will be responsible for rescheduling the appointment as soon as possible.

Acknowledgments

AZV EB extends its gratitude to Mr. German Fernandez, Mrs. Diana Ramirez, and Mr. Jaider Fernandez for their outstanding presentation and visit to AZV EB. The Board of Commissioners and the management of AZV EB also thank the entire AZV EB team for participating in various meetings with RGC Activa S.A.S. Ongoing reforms are being made to ensure AZV EB's future for generations to come.

Minister Dangui Oduber:

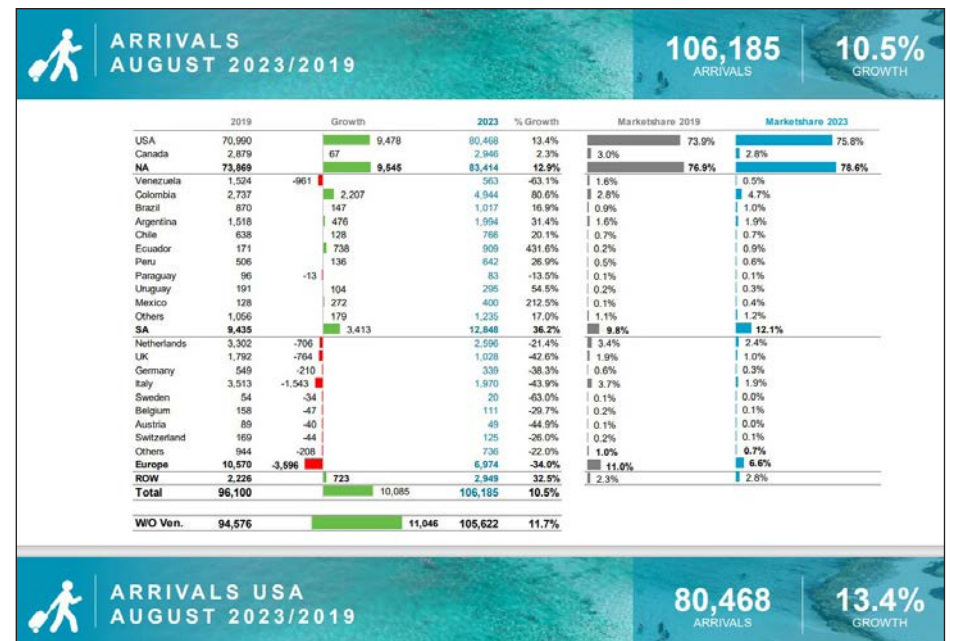

In August, there was a 107% growth compared to 2019

MINISTER of Tourism and Public Health, Mr. Dangui Oduber, informs the community about the tourism results for August 2023. Once again, the figures for August 2023 have surpassed those of the same month in 2019.

In August, Aruba received 106,185 tourists through our airport, representing a 10.5% growth compared to August 2019. This marks a remarkable recovery of 107% compared to August 2019 when Aruba welcomed 96,100 visitors.

The report also highlights the recovery of our most important market, the United States, which saw a 13.4% growth compared to August 2019. Tourism continues to grow and consistently surpasses the levels of 2019, which is truly exceptional.

This recovery is also reflected in hotel occupancy rates, as evidenced by Average Daily Rate and RevPAR figures. The

Tourism Credit from the Central Bank indicates that tourists are leaving more money in our economy.

Aruba's tourism has consistently seen a recovery of over 100% compared to 2019 every month. All indicators point towards a record-breaking year in tourism for Aruba in 2023. Airlines have confidence in Aruba, as seen in the various new routes to different countries.

Cruise lines are also showing trust in Aruba, with significant plans for Aruba's cruise tourism in 2024. Many Calls have been confirmed, and new cruise lines will be visiting Aruba for the first time.

Minister Oduber expresses gratitude to all tourism partners who have contributed to Aruba surpassing all expectations in its recovery. Thanks to the resilient people who continue to demonstrate our hospitality and warmth to our visitors. Tourism remains the main driver of our economy.

Navy intercepts almost 1.000 kilograms of cocaine in Dutch Caribbean Region

DURING 2 drug seizures in the Dutch Caribbean Region Zr.Ms. Groningen has intercepted almost 1.000 kilograms of cocaine. This already happened on September 11 and 12, but was only announced today. During the first capture, the suspects only surrendered after warning shots.

In both cases the Zr. Ms. Groningen was informed about suspicions go-fast boats by a USA patrol plane. The fast interceptor boat FRISC then came into action. On board was not only the crew of the Groningen, but also a delegation from the US Coast Guard.

During the first action, the suspects did not simply surrender. That only happened after warning shots. That was not necessary for the second action. All suspects and a total of approximately 985 kilos of contraband have

been handed over to the Americans. They will proceed to persecution.

Patrol vessel

Since May 2023 Zr.Ms. Groningen is active as patrol ship in the Caribbean Region. The Dutch Navy ship, amongst other things, is deployed during counter drug operations. This she does together with the Coastguard Dutch Caribbean Region and the US Coast Guard.

Euthanasia Laws Across the Globe:

A Complex Tapestry of Ethics and Legislation

EUTHANASIA, the deeply divisive issue of intentionally ending a person's life to alleviate suffering, remains a subject of profound debate and diverse perspectives around the world. The recent contrast between the Netherlands and Aruba, two Dutch territories, offers a snapshot of the complex tapestry of ethics and legislation that characterizes this contentious topic.

The Netherlands: Pioneering Assisted Suicide

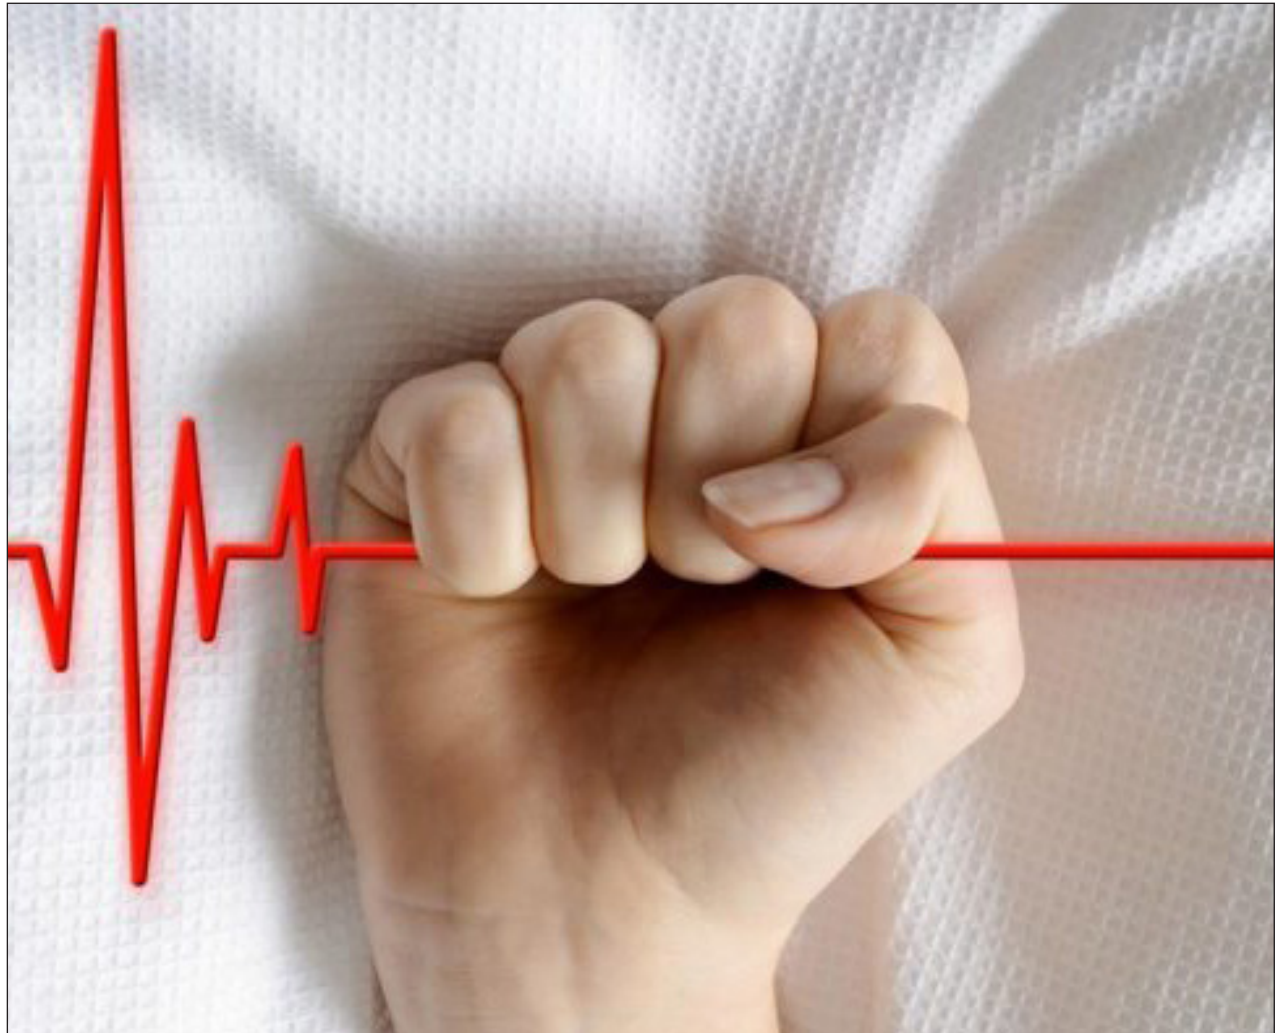

In the Netherlands, euthanasia has been legalized under strict conditions, making it a pioneer in the global landscape of assisted suicide. The Dutch law permits individuals enduring unbearable pain with no prospect of improvement to request medical assistance in ending their lives. The process is highly regulated, with physicians carefully assessing patients' mental competency and suffering. This robust framework underscores the Netherlands' commitment to preserving individual autonomy and the relief of suffering.

However, this progressive stance has sparked ethical concerns and debates about potential abuse. Critics argue that the boundaries of eligibility criteria for euthanasia may expand over time, leading to unintended consequences.

Aruba: A Strong Embrace of Life Preservation

In stark contrast, euthanasia remains illegal in Aruba, aligning with the traditional stance of many societies that emphasize the sanctity of life. The legal and ethical considerations in Aruba prioritize the protection of life, and any form of assisted suicide is strictly prohibited.

These two contrasting approaches reflect how cultural, religious, and

ethical beliefs deeply influence a society's position on euthanasia. The Netherlands places the weight of decision-making on individual rights, while Aruba emphasizes the preservation of life as an overarching principle.

Global Perspectives on Euthanasia

Beyond the Dutch Caribbean, the global perspective on euthanasia reveals a diverse range of views:

Western Europe: Several Western European countries have legalized euthanasia, with individual autonomy and suffering alleviation as guiding principles.

North America: The United States exhibits a patchwork of euthanasia laws, varying by state. Canada has federal legislation permitting medical assistance in dying (MAID) under specific conditions.

Asia: Views on euthanasia are evolving in some Asian countries, with Japan recently passing laws allowing "end-of-life choices."

Middle East: Many Middle Eastern countries, influenced by religious principles, generally oppose euthanasia in favor of preserving life.

Africa: Euthanasia is largely illegal across the continent, but discussions about end-of-life decisions are gaining prominence.

Oceania: Australia has legalized voluntary assisted dying in multiple states, reflecting changing attitudes toward end-of-life choices.

Latin America: Some Latin American nations are also considering or implementing euthanasia legislation.

The global landscape underscores the intricate interplay of individual autonomy, cultural norms, religious beliefs, and legal frameworks in shaping views on euthanasia. This contentious issue continues to fuel impassioned debates within countries and on the international stage as societies grapple with the moral and ethical complexities surrounding end-of-life decisions.

Preserving Aruba's Endangered National Symbol: The Shoco Owl

NESTLED within the picturesque landscapes of Aruba, a Caribbean gem, resides a national symbol and a critically endangered endemic subspecies—the Aruban Burrowing Owl, affectionately known as the Shoco. In this article, we delve into the remarkable efforts undertaken by organizations like Fundacion Parke Nacional Aruba (FPNA), Aruba Birdlife Conservation, and the Global Owl Project to safeguard the existence of this unique and treasured bird species.

The Shoco: An Icon and a Rarity:

The Shoco is a bird of profound significance to Aruba. Its status as an endemic subspecies signifies that it is exclusively found on this island, making it a true natural treasure. Furthermore, the Shoco has earned the distinction of being Aruba's national symbol, an emblem of pride that underscores its cultural and ecological importance.

A Species in Peril:

Regrettably, despite its cultural prominence, the Shoco faces significant challenges that have led to its classification as an endangered species. Urbanization and construction, as witnessed in many regions, have encroached upon the Shoco's natural habitat, depriving it of viable nesting sites. The result is often the use of unsuitable locations such as construction sandpiles, which inadvertently lead to the tragic loss of offspring due to collapses stemming from human activities.

Additionally, a more insidious threat looms, with these charming owls indirectly poisoned by consuming critters and insects tainted with pesticides. Even their top predators are, alas, human-introduced animals—dogs, cats, and boas.

A Collective Call to Action:

Understanding the critical plight of the Shoco owl, local organizations have united in a shared mission to protect and sustain this unique species. Fundacion Parke Nacional Aruba (FPNA), in collaboration with Aruba Birdlife Conservation and the Global Owl Project, has embarked on a dedicated effort to mitigate the imminent risk of extinction.

Creating Safe Havens:

One commendable initiative involves the establishment of artificial nesting sites, strategically placed at locations like Tierra Del Sol. These nesting sites consist of pairs of burrows, providing secure environments for Shocos to lay their eggs without the hazards associated with human activities and urbanization.

The placement of ten nesting sites at Tierra Del Sol in November 2018, with an additional eight in the works, is a testament to the commitment to the Shoco's welfare. This gesture not only signifies the tireless efforts to protect these avian treasures but also exemplifies the symbiosis between the natural world and responsible human development.

The Road Ahead:

The journey to secure the future of the Aruban Burrowing Owl, the Shoco, is ongoing. It involves a dedication to monitoring, protecting, and preserving artificial nests across the island. As Aruba continues to balance its development with conservation, the fate of this endangered endemic subspecies hangs in the balance.

In conclusion, the Shoco owl serves as an emblem of Aruba's unique biodiversity and cultural heritage. The collaborative endeavors of FPNA, Aruba Birdlife Conservation, and the Global Owl Project, alongside the support of institutions like Tierra Del Sol, offer a glimmer of hope in ensuring the survival of this beloved national symbol. By investing in the protection and preservation of the Shoco, Aruba not only safeguards a species but also its own identity and heritage deeply intertwined with this charming bird.

The Fofoti Tech Lab to Propel Technological Innovation in Education at the University of Aruba

THE University of Aruba (UA) Faculty of Hospitality and Tourism Management Studies (FHTMS) is honored and thrilled to announce that the proposal prepared by the students: “The Fofoti Tech Lab”, a cutting-edge facility designed to revolutionize education through the integration of advanced technology has been chosen as a grant recipient for the cycle 4 of the EduTech Fund.

In line with UA’s strategic vision, the Fofoti Tech Lab aims to bridge the gap between traditional education and the fast-paced world of technological advancement. The grant will cover state-of-the-art hardware and initial software, students will have unparalleled access to the latest technological developments relevant to their fields of study.

One of the hallmark features of the lab will be the integration of virtual reality, providing students with hands-on experiences that are otherwise challenging to attain in a conventional classroom setting. This immersive approach not only equips them with practical knowledge but also cultivates essential 21st-century skills and promotes digital citizenship, significantly enhancing their competitiveness in the global job market.

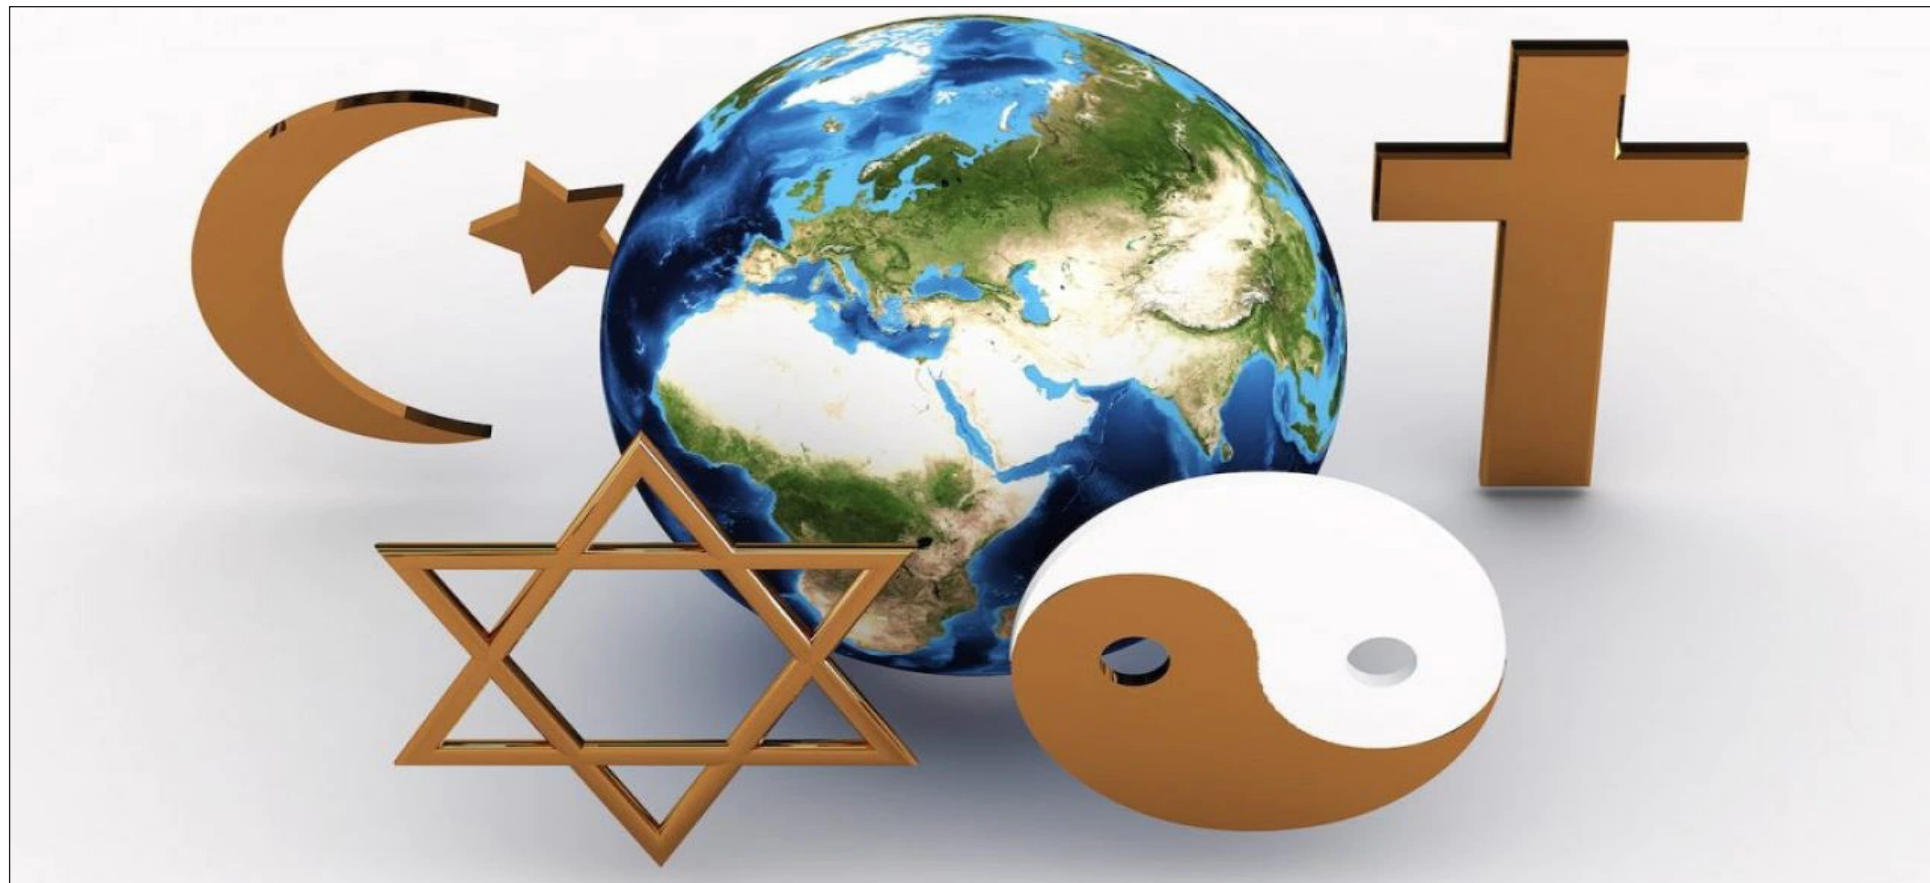

Dean Sue-Ann Lee states: *“This is a truly magnificent milestone for us all at UA. A heart-felt congratulations and thank you to everyone who supported the initiative and collaborated in making this happen. Especially our students Sharel, Jailene, Tani, Ellie, Winson, Fifi, Jeanice and Angelica who worked tirelessly and with great passion in bringing innovation to education at UA.”*

The Fofoti Tech Lab stands as a testament to UA’s unwavering commitment to pioneering education that meets the evolving demands of the modern world. By investing in cutting-edge technology, UA is not only preparing its students for success but also contributing to the advancement of Aruba’s educational landscape.

A Caribbean island nation within the Kingdom of the Netherlands

Aruba known for its cultural and religious diversity

BALANCING religious freedom with other societal values and laws is a complex task in this multicultural environment.

Religious Diversity:

1. Christianity: Christianity is the dominant religion in Aruba, with Roman Catholicism being the largest Christian denomination. The influence of Catholicism is visible in the island's culture, traditions, and holidays.

2. Other Christian Denominations: Aruba is also home to various Protestant denominations, including Methodist, Baptist, and Pentecostal churches. These churches contribute to the religious fabric of the island.

3. Other Religions: Beyond Christianity, Aruba is home to a diverse range of religious beliefs. There is a growing presence of Islam, with a mosque serving the Muslim community.

Additionally, there are adherents of Hinduism, Judaism, Buddhism and a strong Jewish community on the island.

Balancing Religious Freedom:

Aruba places a significant emphasis on religious freedom as a fundamental human right. The Aruban Constitution guarantees freedom of religion, and this is upheld in practice. People are generally free to practice their faith without interference from the government.

However, like many nations, Aruba also faces the challenge of balancing religious freedom with other societal values and laws.

Some key considerations include:

1. Cultural Harmony: Aruba's diverse religious landscape contributes to its cultural richness. Balancing the rights of various religious groups to promote cultural harmony is an ongoing endeavor.

2. Laws and Regulations: While religious freedom is respected, there may be limitations when religious practices conflict with Aruban laws. For example, religious practices that may harm public safety or health could face restrictions.

3. Secular Governance: Aruba follows a secular model of governance, meaning that religious institutions are separate from the government. This separation ensures that religious groups are not given preferential treatment in political matters.

4. Education: Aruba's educational system is secular, with a focus on inclusivity. Religious education is allowed but typically takes place outside of public schools.

5. Social Values: Aruba, like many societies, grapples with evolving social values. Balancing religious beliefs with changing societal norms can be a challenge, particularly on issues like LGBTQ+ rights and reproductive health.

In summary, Aruba's religious diversity is a reflection of its multicultural society. The nation takes religious freedom seriously, but, like any society, faces the complex task of harmonizing this freedom with other societal values, laws, and the evolving dynamics of contemporary life. This delicate balance requires ongoing dialogue and respect for the rights and beliefs of all residents.

Fortnite's FTC Settlement: A Landmark Case for Gamers

FORTNITE'S parent company, Epic Games, has reached a settlement with the Federal Trade Commission worth \$520 million over allegations that they violated the Children's Online Privacy Protection Act and misled players into making unwanted purchases. The FTC accused the company of using "dark patterns" in their game design to deceive players, particularly children.

Epic will pay \$245 million in refunds and modify their game design as part of the agreement. This landmark case warns all video game companies that deceptive practices will not be tolerated when exploiting players.

If you are a gamer from Aruba, there is a slight possibility that your Epic Account may work, provided that it is set in the US Region and you paid using a Credit Card.

If you think you are eligible for a refund from Epic Games'

FTC settlement, you can file a claim online by visiting <https://www.fortniterefund.com/File-a-Claim>. To file a claim, you must provide your name, email address, and Epic Account ID. The deadline for filing a claim is January 17, 2024. The refund amount will depend on the number of claims filed, with the FTC estimating an average of \$20 per claim.

Valve hints at a potential release of Counter-Strike 2 on September 27th

COUNTER-STRIKE 2, a free update to Counter-Strike: Global Offensive, was promised this summer but has not launched yet. A recent social media post by the game's official X account hints at the possibility of a launch on September 27. Counter-Strike 2 was announced in March with significant upgrades to the game, including map upgrades, new movement and shooting mechanics, and new "dynamic volumetric" smoke grenades. A limited test was offered to current CS: GO players, with a new map and CS Rating ranking system announced in August.

The First Trailer And Story Details For Call Of Duty: MW3 Zombies Are Here

IT is no secret that Treyarch is adding Zombies mode to Call of Duty: Modern Warfare 3. They dropped the first exciting trailer for this game mode earlier this week, revealing the new storyline called Operation Deadbolt Zombies. The story will be a sequel to Cold War Zombies where Task Force 141 must stop Viktor Zakhaev from creating a Zombie outbreak using Aetherium. The mode includes living and undead enemies and is an open-world experience with PvE extraction. It will launch on November 10 and is now available for pre-order, more information will be revealed on October 5. If you pre-order the game you will instantly unlock Zombie Ghost Operator Skin to use in Modern Warfare 2, Warzone and of course in Modern Warfare 3 when it launches. Pre-orders will also grant you early access to the closed Beta and lets you play to campaign 8 days early on November 2. Need funds to pre-order this game? Virtual Reality and Augmented Reality

VIRTUAL Reality (VR) and Augmented Reality (AR) have revolutionized the gaming industry by providing players with immersive and interactive experiences that were once only imaginable in science fiction. Let's dive deeper into the world of VR and AR gaming:

Virtual Reality (VR) Gaming:

- 1. Immersive Worlds:** VR gaming transports players to entirely new worlds. With headsets like the Oculus Rift, HTC Vive, and PlayStation VR, gamers can explore fantasy realms, sci-fi landscapes, or realistic simulations with a sense of presence.
- 2. Physical Interaction:** VR systems often include motion controllers, allowing players to physically interact with the virtual environment. You can swing a sword, shoot a gun, or solve puzzles using natural movements.
- 3. Social VR:** Multiplayer VR experiences enable users to connect with friends or strangers in virtual spaces. This social aspect adds a new layer of immersion, making it feel like you're gaming together in the same room.
- 4. Health and Fitness:** VR has also found its way into fitness and health gaming. Games like Beat Saber and Supernatural offer engaging workouts, motivating players to stay active while having fun.
- 5. Educational VR:** Beyond gaming, VR is used in education for immersive learning experiences. Students can explore historical sites, dissect virtual organisms, or even practice surgical procedures.

Augmented Reality (AR) Gaming:

- 1. Real-World Integration:** AR overlays digital elements onto the real world. Games like Pokémon GO and Ingress use your smartphone's camera to blend virtual creatures or objects with your surroundings.
- 2. Location-Based Gaming:** AR games often leverage GPS and location data. Players must physically move to explore, battle, or collect items, encouraging outdoor exploration and exercise.
- 3. Educational and Museum AR:** Museums and educational institutions use AR to enhance exhibits. Visitors can use AR apps to access additional information, animations, or interactive elements related to displayed artifacts.
- 4. AR Glasses:** Emerging AR glasses, like Microsoft's HoloLens, promise more seamless integration of digital content into everyday life. This technology opens up possibilities for AR gaming with hands-free interaction.
- 5. Solving Puzzles:** AR gaming often involves solving puzzles or mysteries in the real world, fostering critical thinking and problem-solving skills.
- 6. Marketing and Advertising:** AR is also used in marketing campaigns. Brands create interactive AR experiences to engage customers and promote products.

Both VR and AR continue to evolve, and their applications in gaming are expanding rapidly. Whether you're exploring fantastical VR worlds or hunting for virtual creatures in your neighborhood through AR, these technologies offer exciting and immersive gaming experiences that blur the lines between the digital and physical worlds.

Renaming India to Bharat:

Symbolism or Shift in Priorities?

INDIA has a history of renaming its towns and cities to sever ties with its colonial past. Now, there's speculation that the country may undergo its most significant rebranding yet, with a proposed name change from India to Bharat. While this move is ostensibly about shedding colonial legacies, it raises questions about underlying motivations.

The notion of renaming India is not entirely new, but recent developments at the G20 summit have sparked fresh interest. Indian President Droupadi Murmu's invitation referred to her as the "President of Bharat," and Prime Minister Narendra Modi's nameplate indicated "Bharat" instead of "India." These seemingly symbolic gestures could be part of a grander unveiling.

So, why change the name? Bharat is already one of India's official names, as affirmed in the nation's constitution. However, critics argue that this move is less about shedding colonial ties and more about furthering the right-wing Hindu ideology championed by Modi's Bharatiya Janata Party (BJP). Their goal is to establish India as a "Hindu rashtra (nation)," emphasizing its Hindu identity.

This potential name change is part of a broader pattern of actions that make life increasingly challenging for India's Muslim minority, which comprises 14% of the population.

Discrimination in employment and education, along with rising communal violence, have become pressing concerns.

The Modi government's renaming spree extends beyond cities to towns and historic sites, often removing names associated with Muslim empires that once ruled the subcontinent. While the proposal to rename India faces opposition, it underscores the government's intent to reshape the country's identity.

However, a name change of this magnitude carries significant logistical and financial implications. Reinscribing landmarks, redrawing maps, and reprinting books could amount to substantial costs. With India being the world's fifth-largest economy but having a per capita income much lower than China's, some argue that resources might be better directed towards addressing pressing issues, such as ethnic violence, unemployment, and human rights concerns.

While there are signs of pushback, including the Supreme Court's defense of secularism and UN condemnation of actions against the Muslim minority, the proposed name change to Bharat remains a subject of debate. It highlights a fundamental question: Should symbolism take precedence over addressing critical issues affecting the nation's diverse population?

United Airlines Uncovers Fake Engine Parts in Growing Supplier Scandal

IN a recent development, United Airlines has revealed the discovery of counterfeit components in two of its aircraft engines. This revelation places the airline in the midst of a concerning trend affecting carriers worldwide, all linked to supplier AOG Technics.

A spokesperson for United Airlines disclosed that these counterfeit parts were identified in one engine from each of the two aircraft. Alarming, one of these aircraft was already undergoing routine maintenance when the discovery was made. In response, United Airlines has swiftly taken action by replacing the compromised engines, ensuring passenger safety remains a top priority.

This discovery was prompted by information provided by United's suppliers, triggering a comprehensive investigation into the matter. The fraudulent components in question are seals on compressor stator vanes, critical elements that guide airflow within the engine. United Airlines, at this point, has not specified the aircraft models equipped with these

compromised engines.

United Airlines now joins the ranks of major carriers that have confirmed the presence of suspect components sourced from AOG in their fleets. Notable names among them include Southwest Airlines Co. and Virgin Australia Airlines Pty. This discovery has sent shockwaves throughout the aviation industry, raising concerns about the safety of parts supplied by AOG. It has also ignited a global effort within the aviation sector to identify and remove such components from circulation.

Additionally, CFM International Inc., a joint venture between General Electric Co. and Safran SA responsible for manufacturing engines for various older-generation Airbus SE A320 and Boeing 737 aircraft, previously reported the use of fraudulent documentation with parts in 68 of its power plants. This underscores the urgency of a thorough industry-wide investigation into component sourcing and safety, ensuring passenger well-being remains paramount.

Causes and Implications

The Closure of the Dominican Republic-Haiti Borders

THE recent decision by President Luis Abinader to close the borders between the Dominican Republic and Haiti, encompassing land, sea, and air routes, has significant implications for these neighboring nations that share the island of Hispaniola. The closure comes after a period of escalating tensions and underscores a multifaceted issue.

The roots of this decision can be traced to the governance crisis in Haiti, characterized by the activities of criminal groups that have proven difficult for the Haitian authorities to control. In response to this situation, a considerable number of Haitians sought refuge in the Dominican Republic. However, many of them were subsequently deported by the Abinader government.

While the influx of Haitian migrants is a contributing factor, the primary source of tension revolves around a critical shared resource: the waters of the Masacre River, also known as Dajabón. This 55-kilometer river has historically served as a natural boundary between the two countries.

Several years ago, construction began on an “irrigation canal” on the Haitian side of the river, aimed at mitigating

drought in the Maribaroux agricultural regions. However, this project faced interruptions following the assassination of Haitian President Jovenel Moïse in July 2021. Subsequently, Haitian agricultural groups privately resumed construction, a move contested by the Dominican government.

The Dominican Republic asserts that the canal diverts water from the Masacre River, posing a dual threat to its security and sovereignty. Furthermore, it argues that this initiative violates the 1929 Treaty of Peace and Perpetual Arbitration, as well as other bilateral border agreements.

Negotiations had been ongoing between the two nations until President Abinader’s announcement of the border closure. He declared his withdrawal from the dialogue table, insisting that Haiti must suspend work on the canal before talks could resume. The Haitian government maintains that it has the sovereign right to manage its natural resources, especially for the irrigation of Maribaroux’s agricultural lands.

Amid these ongoing tensions, the canal project persists, with Haitian farmers displaying a steadfast determination to continue, despite the border closure and the suspension of Dominican visas for Haitians.

The situation remains intricate, with the shared river emerging as a central point of contention, complicating the relationship between these neighboring states.

Singapore’s Changi Airport to Implement Passport-Free Travel with Biometrics in 2024

IN a groundbreaking move, Singapore’s Changi Airport is gearing up to revolutionize travel with the introduction of passport-free departures using automated immigration clearance. This bold step towards the future of travel aims to streamline passenger processing by utilizing biometric data, significantly reducing the need for physical travel documents.

Singapore’s Communications Minister, Josephine Teo, revealed this ambitious plan during a parliamentary session on Monday, where key changes to the country’s Immigration Act were approved. She stated that Singapore would be among the pioneers globally in implementing automated, passport-free immigration clearance.

Biometric technology, already partly in use at Changi Airport’s automated lanes in immigration checkpoints, will play a pivotal role in this transformation. The objective is to create a unified system of authentication through biometrics, primarily facial recognition, that will be applied across various touch points within the airport, including baggage drops, immigration clearance, and boarding gates. This

innovation promises a more seamless and convenient travel experience, as passengers will no longer need to present physical documents such as passports and boarding passes at every checkpoint.

However, it’s important to note that passports will still be necessary for travel to countries outside of Singapore that do not offer passport-free clearance.

Changi Airport, which handled over 5 million passenger movements in June 2023, surpassing the 5 million mark for the first time since the onset of the Covid-19 pandemic in January 2020, is planning for an even brighter future. The airport is renowned for its world-class facilities and is often considered a destination in itself. To accommodate the growing number of travelers, a fifth terminal is in the works.

Changi Airport’s vision is to return to pre-pandemic levels of passenger and air traffic, and the implementation of the biometric system in 2024 is expected to play a crucial role in achieving smoother passenger flows and enhancing the overall travel experience for visitors to and from Singapore.

Support for Slovenia and Greece Following Floods Raises Concerns About EU Agricultural Reserve

THE European Commission is currently contemplating the allocation of additional funds from the EU's agricultural reserve to assist Slovenia and Greece in the aftermath of devastating extreme weather events. However, other EU member states are growing increasingly skeptical of how the reserve is being utilized.

In recent weeks, both Greece and Slovenia have been severely affected by floods, resulting in extensive damage, including impacts on their agricultural sectors.

Slovenian Agriculture Minister Irena Šinko described the situation, stating, "The damages in Slovenia are extremely high," during a meeting of agriculture ministers in Brussels on Monday, September 18.

Greece's Agriculture Minister Eleutherios Agkenakes added, "Greece, due to its geographic position, finds itself at the eye of the storm of the impact of climate change," noting that Greece had also experienced severe wildfires earlier this summer.

In response to the dire situation, Agriculture Commissioner Janusz Wojciechowski stated that the Commission is prepared to consider an agricultural exceptional measure using funds from the agricultural reserve. He emphasized the need to discuss possible tools to support farmers affected by these catastrophic events in both countries.

Aside from the reserve funds, these tools could include unused funds from the countries' rural development programs under the Common Agricultural Policy (CAP), the EU's program of significant agricultural subsidies.

However, the use of the agricultural reserve is raising concerns. These funds are set aside annually within CAP to address market disturbances. But for 2023, the reserve has already been fully utilized, requiring any additional funds to come from the 2024 budget.

While Greece and Slovenia expressed openness to accessing the 2024 reserve, not all member states were convinced of this approach. Lithuanian vice-minister Vytenis Tomkus warned that the agricultural reserve may not be equipped to handle crises of this magnitude.

Latvian representative Mārtiņš Kreituss stressed the importance of transparent, evidence-based, negotiated, and accepted principles and methodology for granting exceptional financial support from the agricultural reserve among member states.

Ireland's Minister Charlie McConalogue pointed out the increasing frequency of extreme weather events and called for a reconsideration of how the EU

manages such situations, including whether the agricultural reserve is the appropriate instrument for addressing them.

Commissioner Wojciechowski acknowledged the need for reflection on the use of available tools, including the agricultural reserve, to ensure they are fit for purpose. He noted that the reserve was initially created to assist farmers during market crises but is currently being used for different purposes.

Meanwhile, Greek and Slovenian ministers highlighted the extensive damage caused by the floods to their respective farming sectors. Greece's Agkenakes stressed the significant impact on Greek society, economy, and agricultural production, which poses a risk of food shortages. Slovenia's Šinko detailed the damage to agricultural land, facilities, machinery, and the supply of seeds, animal feed, and the food processing industry, with total estimated agricultural damage amounting to approximately €145 million.

Dana White Calls for Investigation into UFC Title Fight Decision

DANA White, the former UFC President and current CEO, has expressed his deep dissatisfaction with the split draw decision in the main event of Noche UFC, which took place recently. The fight in question was the highly anticipated rematch between Alexa Grasso and Valentina Shevchenko for the UFC flyweight title.

White did not mince words during a Contender Series press conference, where he voiced his strong disapproval of one judge's scoring. Specifically, he took issue with the judge who scored a 10-8 round, a decision that played a crucial role in the fight ending in a draw.

"When I found out that one of the judges scored 10-8, I'm like, this guy should be thoroughly investigated for this," White stated, expressing his disbelief. "This is the craziest outcome I've ever witnessed."

White also revealed that he had engaged in discussions with the Nevada Athletic Commission, expressing his concerns about judge Mike Bell, who had awarded a 10-8 round to Grasso in the fifth round of the fight. He shared that the commission assured him that Bell's intentions were not

malicious but rather a result of an honest mistake.

However, White's frustrations extended to the likelihood that Bell would not face the media to address questions about his scoring decision. White's sentiments are noteworthy, considering his own interactions with the media have not always been transparent or accommodating.

Valentina Shevchenko, the UFC title challenger and former champion, echoed White's surprise and dissatisfaction with the 10-8 scorecard. She explained her perspective during a post-fight press conference, emphasizing that a 10-8 round typically involves one fighter being entirely passive. Shevchenko argued that in the fifth round, Grasso did not exhibit such passivity, as she actively engaged in stand-up fighting for the majority of the round.

Shevchenko expressed her hope that judging criteria would evolve to prevent such discrepancies, highlighting the frustration many fighters experience when faced with contentious decisions. Despite the outcome being officially recorded as a draw, she emphasized that it was not a victory in her view.

Jordan Spieth's Second Child Arrival Eases Ryder Cup Worries for U.S. Team

ON a fateful day in July at Hoylake, Jordan Spieth, the esteemed golfer, shared with U.S. golf enthusiasts a significant detail: his second child's due date coincided with the week preceding the 2023 Ryder Cup. While he expressed optimism that everything would align perfectly, there lingered a hint of uncertainty regarding Spieth's availability at Marco Simone. Those familiar with Spieth's illustrious Ryder Cup performances knew that his potential absence would pose a substantial predicament for team captain Zach Johnson and his compatriots.

In the subsequent weeks, Spieth's absence from the U.S. team's scouting trip to Rome further fueled speculations and concerns. Fortunately, a collective sigh of relief reverberated across America and within the Spieth family when, on Tuesday, the couple joyously announced the birth of their daughter, little Sophie. She arrived in the world, robust

and content, just in the nick of time, resolving any lingering uncertainties.

Now, our thoughts and well-wishes are directed towards Annie, who shall be diligently managing the household as Spieth prepares to lead the charge in the upcoming week. With their first-born, Sammy, set to turn three in November, and a newborn in the family, one can anticipate a touch of chaos. However, chaos has never perturbed Jordan Spieth, a master of navigating both the golf course and the joys of fatherhood.

The Surveillance Dilemma:

Listening and Watching Through Your Cellular Device

IN today's digital age, the convenience and connectivity offered by cellular devices come at a cost: the potential for surveillance. While these devices have transformed how we communicate, navigate, and access information, they also pose privacy risks. Here, we explore the ease with which individuals can be listened to and watched through their cellular devices.

1. Microphone and Camera Access:

Microphone: Most smartphones are equipped with sensitive microphones that can capture audio with high precision. Applications often request microphone access for legitimate purposes like voice commands, but malicious apps can exploit this permission.

Camera: Cellular devices also feature powerful cameras. While camera access is essential for legitimate apps like video calls, it can be exploited by malicious software to capture images or videos without consent.

2. Permission Requests:

App Permissions: When installing apps, users are prompted to grant permissions, including access to the microphone, camera, and location. Many people may not thoroughly review these permissions, inadvertently granting apps access to sensitive features.

Privacy Settings: Cellular devices have privacy settings that allow users to control app permissions. However, navigating these settings can be complex, and users might not be aware of the implications of certain permissions.

3. Location Tracking:

GPS and Location Services: Cellular devices rely on GPS and location services for various functionalities, from navigation apps to weather updates. This constant tracking can create detailed location histories.

Location Sharing: Users often willingly share their location with friends or through social media apps. This information can be exploited for advertising, tracking, or surveillance purposes.

4. Third-Party Risks:

App Stores: App stores provide platforms for both reputable and potentially harmful apps. While major app stores have security measures, malicious apps can still slip through the cracks.

Spyware: Spyware apps can be disguised as legitimate utilities or games. They can covertly record audio, capture photos, and transmit data to remote servers, all without the user's knowledge.

5. Ethical Concerns:

Corporate Data Collection: Tech companies collect vast amounts of user data for targeted advertising and product development. This raises concerns about the ethical use of personal information and the potential for data breaches.

Government Surveillance: Governments may use cellular devices for surveillance, either for national security or law enforcement purposes. This raises complex questions about privacy rights and surveillance laws.

6. Protecting Your Privacy:

App Review: Regularly review and audit the permissions granted to apps on your device, revoking unnecessary access.

Security Software: Install reputable security software that can detect and block malicious apps.

Privacy Settings: Familiarize yourself with your device's privacy settings and adjust them to your comfort level.

Education: Stay informed about privacy risks and best practices for maintaining your digital security.

In conclusion, while cellular devices offer remarkable convenience, they also expose users to potential surveillance risks. It's crucial for individuals to be vigilant about their device's permissions, stay informed about privacy threats, and take steps to protect their personal information from unwarranted access and use.

Balancing the benefits of technology with privacy safeguards is an ongoing challenge in the digital era.

A Comprehensive Exploration of Auras and the Response to Negative Vibes

THE notion of an “aura” is a subject that invites diverse interpretations and analysis across various contexts. This article undertakes a comprehensive examination of two distinct dimensions of auras: the metaphysical perspective, which posits the existence of energy fields surrounding living beings, and the intuitive responses of individuals to what they perceive as “bad vibes.” Furthermore, it delves into the actions people take when encountering unsettling or negative energy.

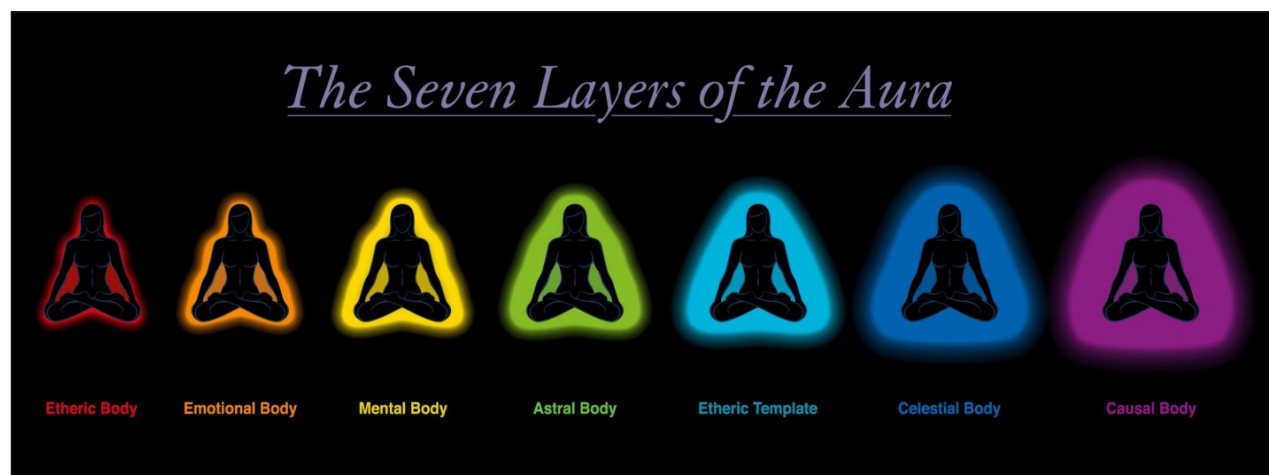

The Metaphysical Aura:

In metaphysical and spiritual domains, an aura is defined as an energy field or electromagnetic field enveloping living entities, such as humans and animals. It is postulated that this aura carries information about an individual’s physical, mental, emotional, and spiritual state.

Practitioners of alternative healing and New Age spirituality often claim the ability to perceive or interpret auras, leveraging this supposed insight for a holistic understanding of an individual’s overall well-being. Notably, these belief systems associate different colors with specific attributes or emotions; for instance, a vibrant, warm-hued aura may signify physical health and elevated spirits, while a pallid, clouded aura may suggest underlying physical or emotional concerns.

The Unexplained Feeling:

Conversely, not all individuals embrace the metaphysical concept of auras or recognize their existence. Nevertheless, a notable phenomenon emerges when individuals who do not subscribe to these metaphysical ideas report sensations of unease or discomfort in the presence of certain individuals

or within specific environments. This sentiment is colloquially described as experiencing “bad vibes.” While these individuals might not attribute these sensations to the metaphysical realm, they may, nevertheless, be responding to subtle cues gleaned through non-verbal communication.

Non-verbal cues encompass facial expressions, body language, and tone of voice, all of which can serve as carriers of information pertaining to an individual’s mood, intentions, or emotional state. Remarkably, even those who do not consciously acknowledge these cues may subconsciously discern them, resulting in an overall sentiment of disquiet.

Additionally, intuition, often referred to as a “gut feeling,” plays an integral role. Intuition, being a multifaceted cognitive process, amalgamates various sensory and emotional inputs to facilitate rapid, subliminal judgments. It may function as an early warning system, alerting individuals to latent social or environmental cues that may not be immediately evident to their conscious awareness.

Cultural and Personal Influences:

Personal experiences and cultural backgrounds invariably impact how individuals interpret and respond to

the feelings they associate with “bad vibes.” Individuals may have had negative encounters with those who display particular behaviors or characteristics, subsequently heightening their vigilance in detecting such cues in future interactions. Cultural norms, societal expectations, and prior conditioning also influence the interpretation of negative sensations in specific contexts.

In conclusion, the concept of auras traverses the realms of metaphysical beliefs and intuitive human experiences. While some individuals embrace the idea of energy fields as a means of comprehending an individual’s overall well-being, others rely on their intuition and their subconscious perception of non-verbal cues to assess the emotional climate of a given situation.

Regardless of whether these feelings are attributed to metaphysical auras, they provide insight into the intricate nature of human perception and our remarkable capacity to detect subtle emotional and social cues.

The responses individuals employ in addressing these feelings are as diverse as the individuals themselves, reflecting their unique coping mechanisms and strategies for maintaining emotional balance.

Nurturing Emotional Wellness:

A Path to Resilience and Healthy Relationships

EMOTIONAL wellness is a vital component of overall well-being, encompassing the understanding and effective management of one's emotions. It is a journey of self-awareness, resilience building, stress management, and the cultivation of healthy relationships. In a world filled with ups and downs, nurturing emotional wellness is essential for leading a fulfilling and balanced life.

Understanding Emotions

Emotional wellness begins with recognizing and understanding our emotions. It involves acknowledging that emotions are a natural part of the human experience and that they play a crucial role in our daily lives. By identifying and naming our feelings, we gain insight into our inner world, allowing us to navigate our emotional landscape more effectively.

Resilience Building

One of the key aspects of emotional wellness is the development of resilience. Resilience is the ability to bounce back from adversity and chal-

lenges. It doesn't mean avoiding stress or difficult situations but rather learning to cope with them in a healthy way. Building resilience involves cultivating a positive mindset, practicing self-compassion, and seeking support when needed. It allows us to face life's setbacks with greater strength and adaptability.

Coping with Stress

Stress is an inevitable part of life, but how we manage it greatly influences our emotional well-being. Emotional wellness includes adopting healthy stress management techniques, such as mindfulness, meditation, or exercise. These practices help reduce the negative impact of stress on our

emotional state and overall health. By learning to manage stress, we can maintain a sense of calm and balance even in challenging times.

Nurturing Healthy Relationships

Emotional wellness extends to our interactions with others. Building and maintaining healthy relationships is a cornerstone of well-being. It involves effective communication, empathy, and mutual support. Healthy relationships provide a strong emotional foundation and can serve as a source of comfort and resilience during difficult times.

Conclusion

Emotional wellness is a lifelong journey that requires self-reflection and continuous growth. It empowers individuals to better understand and manage their emotions, build resilience in the face of adversity, cope with stress effectively, and cultivate healthy relationships. By prioritizing emotional wellness, individuals can lead more fulfilling lives, fostering a sense of inner peace and emotional balance that positively impacts every aspect of their existence.

Interfaith Prayer:

Bridging Divides through Shared Spirituality

INTERFAITH prayer is a profound exploration of how diverse religious traditions approach the act of prayer, highlighting both the common threads that unite them and the distinct practices that define each faith. It serves as a powerful means of promoting understanding, tolerance, and cooperation among different religious communities. Here, we delve into the fascinating world of interfaith prayer and its significance.

1. Approaches to Prayer:

Monotheistic Religions: Religions like Christianity, Islam, and Judaism typically emphasize monotheism, where believers pray to God. These faiths often employ structured and scripted prayers, such as the Christian Lord's Prayer, Islamic Salah, or Jewish Amidah.

Polytheistic Religions: Polytheistic traditions like Hinduism may involve prayer to a variety of deities, each with distinct attributes and purposes. These prayers often reflect the worshiper's specific needs or desires.

Non-Theistic Religions: In Buddhism, prayer can take on a different form, as it may not involve supplication to a deity. Instead, it often focuses on mindfulness, meditation, and inner contemplation.

2. Rituals and Practices:

Prayer Postures: Religions vary in their physical postures during prayer. For instance, Muslims pray in a standing, bowing, and prostrating sequence, while Hindus may sit or kneel with hands joined in Namaste.

Prayer Times: Different faiths have designated prayer times or occasions. For example, Muslims have five daily prayers, while Christians may pray individually or gather for

communal worship on Sundays.

Sacred Texts: Many religions use sacred texts as a source of prayers. Christians turn to the Bible, Muslims to the Quran, and Hindus to texts like the Bhagavad Gita for prayer inspiration.

3. Commonalities and Differences:

Core Values: Interfaith prayer often reveals shared values like love, compassion, and the pursuit of inner peace that transcend religious boundaries.

Language: While prayers are often recited in the original languages of their respective faiths, some interfaith settings opt for translations to foster inclusivity.

Unity and Diversity: The practice of interfaith prayer celebrates both the unity of the human spirit in seeking the divine and the rich tapestry of religious diversity that shapes our world.

4. Promoting Dialogue and Understanding:

Interfaith prayer serves as a bridge between different faith communities. Interfaith gatherings, prayer services, or dialogues provide opportunities for people of various beliefs to come together, share their spiritual practices, and learn from one another. These encounters can foster greater tolerance, respect, and cooperation, promoting peace and harmony in a religiously diverse world.

In summary, interfaith prayer is a powerful tool for building bridges among different religious traditions. It allows for the exploration of common ground while honoring the unique practices and beliefs of each faith. Through interfaith prayer, communities can strive for greater mutual understanding and collaboration in the pursuit of spiritual growth and global harmony.
